PROFESSIONAL SUMMARY

Dedicated and highly motivated Bachelor of Science in Information Technology (BSIT) student at PHINMA University of Iloilo, expected to graduate in early 2027. Possessing over one year of professional experience in outbound sales, appointment setting, lead generation, and customer service for U.S.-based campaigns. Experienced in communicating with diverse customers, building rapport, handling objections, qualifying leads, and maintaining accurate customer information using CRM platforms.

Alongside professional experience, I have developed a strong academic foundation in software development, database management, systems analysis and design, and web technologies. I enjoy learning new technologies, solving technical problems, and creating practical solutions that improve business operations. I am eager to contribute my technical knowledge, communication skills, and strong work ethic to an organization that values innovation, continuous learning, and professional growth.

PROFESSIONAL EXPERIENCE

Appointment Setter / Cold Caller

Remote

July 2026

Key Responsibilities

- Conduct high-volume outbound calls to prospective customers for U.S.-based campaigns.
- Build rapport with customers through professional and engaging communication.

- Qualify leads by identifying customer needs and determining eligibility based on campaign requirements.
- Schedule appointments for sales representatives while ensuring complete and accurate customer information.
- Handle customer objections confidently by utilizing active listening, empathy, and effective rebuttal techniques.
- Follow campaign scripts while naturally adapting conversations based on customer responses. Maintain detailed and organized records using CRM software.
- Consistently adapt to new products, campaigns, scripts, and sales processes.
- Collaborate with supervisors and team members to improve overall campaign performance. Demonstrate professionalism while working independently in a remote environment.

-

EDUCATION

Bachelor of Science in Information Technology (BSIT)

PHINMA University of Iloilo

Expected Graduation: Early 2027

Relevant Coursework

- Systems Analysis and Design
 - Database Management Systems
 - Web Systems and Technologies
 - Object-Oriented Programming
 - Information Management
 - Human Computer Interaction
 - Networking Fundamentals
 - Software Engineering
 - Capstone Project
 - IT Project Management
-

ACADEMIC PROJECTS

Cake Shop Management System

Designed and developed a web-based management system intended to modernize the operations of a local cake shop by replacing manual processes with a centralized digital platform. The system streamlines inventory management, order processing, sales monitoring, and customer communication while improving overall business efficiency. It also integrates an AI-powered chatbot that assists customers by answering frequently asked questions (FAQs), providing instant responses to common inquiries, and guiding users throughout the ordering process.

Project Features

- Inventory Management
- Sales Recording
- Weekly Sales Reports
- Cake Customization Module

- Customer Order Management
- Customer Messaging/Chat Feature
- AI-Powered FAQ Chatbot
- AI Customer Support Chatbot
- Delivery Monitoring
- Appointment Scheduling
- Administrative Dashboard

Technologies Used

- HTML
- CSS
- JavaScript
- PHP
- Firebase (Cloud Database & Authentication)
- MySQL
- XAMPP
- AI Chatbot Integration

Project Objectives

- Improve inventory accuracy.
- Reduce manual paperwork and administrative tasks.
- Simplify customer ordering through an intuitive web interface.
- Provide instant customer support using an AI-powered chatbot.
- Answer frequently asked questions (FAQs) automatically to reduce response time.
- Generate automated sales reports for better business insights.
- Improve communication between customers and the business owner.
- Enhance the overall customer experience through intelligent and efficient digital solutions.

TECHNICAL SKILLS

Programming Languages

- HTML
- CSS
- JavaScript
- PHP
- Java

- Python
- SQL (MySQL)

Web Development

- Responsive Website Development
- Front-End Development
- Basic Back-End Development
- Form Validation
- CRUD Operations
- Database Integration

Database

- MySQL
- Database Design
- Relational Databases
- SQL Queries

Software & Development Tools

- Visual Studio Code
- XAMPP
- Microsoft Office
- Google Workspace
- Git (Basic)
- Windows 10
- Windows 11

PROFESSIONAL SKILLS

- Strong Verbal and Written Communication
- Customer Relationship Management
- Appointment Setting
- Lead Generation
- Cold Calling
- Customer Service
- Sales Support

- Active Listening
 - Objection Handling
 - Team Collaboration
 - Critical Thinking
 - Analytical Skills
 - Adaptability
 - Time Management
 - Organizational Skills
 - Attention to Detail
 - Problem Solving
 - Multitasking
 - Professional Ethics
-

ACHIEVEMENTS

- Successfully adapted to multiple U.S.-based campaigns while maintaining professionalism and productivity.
 - Developed strong communication and interpersonal skills through daily interaction with diverse customers.
 - Balanced full-time professional work responsibilities while pursuing a Bachelor of Science in Information Technology.
-

LANGUAGES

- English – Professional Working Proficiency
 - Filipino – Native
 - Hiligaynon – Native
